F oreword

We, the Bulldog staff of the class of "61," present to you, the reader, the result of a year of effort and enjoyment. 1961 has proved to be a year of firsts throughout the world. It is therefore with great pride that the Bulldog staff brings you two new "firsts" of our own. Along with the black and white photographs used to illustrate the activities of the past year, a color picture has been added to lend to the book, what we think is an air of individuality. Also, a supplement has been added in order to present to you the important events such as Youth Week and the Senior Ball which otherwise, due to the element of time, would not appear in the yearbook itself. We are sure that these four formative years will always have a special place in your heart and mind and that you will draw from the knowledge gained at Lindenhurst, the confidence needed to make you a better individual. We sincerely hope that in the years to come this yearbook will increase in value as a permanent record of your high school years and as a source of enjoyment and happy memories.

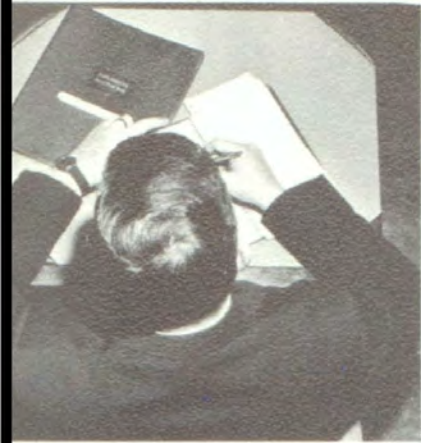

This scene from Lindenhurst Memorial Park symbolizes the part our village plays in the American way of life.

Dedication

Since the beginning of the human race, ever since the first cave-man threw a rock at one of his foes, war has existed on this earth and mankind has continually sought the reason for it. Though our civilization is far from finding the answer to this problem, for indeed it has become a problem upon the solution of which depends the survival of every form of life on this planet, we have been successful in realizing one of the major factors contributing to the continuation of war and ill-feeling — ignorance. Ignorance makes people gullible, and those who are gullible can easily be duped into believing, fighting, and killing for anything told to them by others. For grim proof of this all one needs to do is look into history, or better still, into our own current events where ignorance has put a blindfold on peoples newly “freed” from imperialism and oppression.

How then, are we to combat and erase this formidable host upon which war feeds? The answer is, of course, by educating people to the truth. For only through education can our minds become more mature and able to distinguish between right and wrong. By studying different languages we help to break down barriers between peoples. And, by delving deeper into science we can learn to use the vast atomic powers man controls today for the good of one another instead of self-destruction.

With this in mind, therefore, the yearbook staff proudly presents the 1961 BULL-DOG as the symbol of a class of young people on the brink of a new era in which, we hope, education will prove a force for the preservation of peace throughout the world.

To give light to them that sit in darkness
... to guide our feet into the way of
peace.

Administration and Faculty

In his three years as Superintendent of the Lindenhurst Public School System, Doctor Charles H. Connolly has accomplished a great deal towards reaching the goal set last year in the building and academic programs he advocated. A visible result of this program is the new Junior High which will be completed and ready to accept students in September. Realizing the need for education in today's world where competition is the key word in both social and business life, Dr. Connolly has strived to set the high standards demanded of high school graduates by today's society. His work and dedication to these ideals are being echoed and re-echoed throughout the whole Lindenhurst School System.

OFFICE AND CUSTODIAL STAFF

The impression that any high school presents to teachers, pupils, and visiting parents and authorities, is formed by the appearance of its buildings and grounds and the efficiency with which it is run. Lindenhurst is fortunate in having the best of workers on its thorough and efficient office and custodial staffs. With these people doing their jobs, Lindenhurst High School can always be assured of looking and being run at its best.

Senior Class

On graduation day in June, this year's Senior class brought to a close four years filled with accomplishments sprinkled with equal amounts of work and fun. Throughout high school the class has been successful in their attempts to raise money for their Senior year. With such activities as selling shakers and refreshments at basketball and football games, selling Christmas cards and holding record hops, the class of "61" was in fine financial condition. The class can also be proud of its members who helped to make the school's choir, newspaper, sports and other activities, unbeatable. Bringing these four years to a happy close, the Senior class followed its "Some Enchanted Evening" Junior Prom, with a ball held at the Huntington Town House. Graduated with the confidence instilled in them by the social and academic education acquired at Lindy, the class of "61" hopefully looks toward the future.

Class Advisors

The success of this year's Senior class throughout high school is not only the result of hard work on the part of the students. Much that the class has accomplished can be attributed to the advice and leadership given to them by their advisors Miss Gianopolous and Mr. Pasettiner.

Student Council

The student government in any school plays an important part in the life of the student. In Lindenhurst High School, directing of various clubs and organizations is the responsibility of the representative governing body, the Student Council. This organization allows the student to voice his opinion on the matters concerning him, and at the same time, acquire first-hand the experience of being an important part of a democratic process. The officers of the 1960-61 Student Council were: President, Harry Marshall; Vice-President, Maryann Valle; Recording Secretary, Gail Marshall; Treasurer, Pat Burkhardt; Cor. Secretary, Edie Stark. Guided by their advisors, Mr. Everett Hurd and Miss Starr Hacker, the officers presided over a successful and busy year.

Mixed Choir

The mixed chorus and a special group, the A Cappella Choir, under the capable leadership of Miss Gianopoulos, strive to produce the best quality of vocal music through diligent efforts. The members also learn to understand many different types of pieces ranging from classical religious music and spirituals to light, musical comedy numbers. Every year it sends a large delegation to represent Lindenhurst in the Sectional All-State Concert, besides performing faithfully at school assemblies and concerts during the Christmas and Easter season.

Dedicated to the purpose of promoting a greater interest in acting and the theater arts, the Lindenhurst Troupe 1890 of the National Thespian Society met with its usual great success this year in evaluating plays and training students interested in theatrical careers. The Troupe's two major productions, "Harvey" and "Love is Eternal," also proved quite worthwhile, both artistically and financially.

Harvey

On three successive evenings, November third, fourth, and fifth, the Senior Class of Lindenhurst High School presented a three act comedy production entitled "Harvey," authored by Mary Chase and directed by James Oliver.

The plot relates the tale of a man-about-town, Elwood P. Dowd and his imaginary rabbit friend "Harvey," whom Dowd explains as a "Pooka." For the uninformed, a Pooka is described as a spirit who visits now and then, here and there, this one and that one, and mainly to the most susceptible, rum-pots and crackpots. The conflict evolves from the fact that Elwood's sister, Vita Louise is demanding the termination of Harvey's stay in her home because she herself is beginning to see the rabbit.

All is resolved when Vita Louise has to choose between a serum for Elwood which would induce a bad temperament along with the end of Harvey. Vita Louise decides that "Harvey," a happy-go-lucky imaginary would be better than one unhappy, very real, Human being.

The Nurses Club gives the students of Lindenhurst, whose future careers are to be in the field of medicine, a better insight into its vast world. The members have the opportunity to visit hospitals and learn a little of the everyday world of medicine. The club also makes it possible for its members to learn more about any specific field in which they show interest by having talks and group discussions headed by those who have made medicine their life's work.

Future Nurses of America

Future Teachers of America

For the students of Lindenhurst who plan to go on to teachers' college and into the teaching profession, the F.T.A. is a means of gaining a general idea of what they will be doing in their college courses and later in their profession. The program of cadet teaching in the elementary schools of the area give the members valuable teaching experience.

Honor Society

Membership in the Lindenhurst Chapter of the National Honor Society is the highest honor which can be bestowed upon any student. Candidates are chosen by a committee consisting of members of the faculty on the basis of character, leadership, scholarship and service. The Honor Society performs various duties such as guiding the new seventh graders to their classes, ushering at the graduation exercises and maintaining the honor roll bulletin. The members are regarded as leaders in their school and community.

Library Club

One of the least known but most active organizations in school is the Library Club, which spends its time processing books, calculating fines, and a host of other clerical chores. The members also help students locate books and suggest material to help them with their research.

Art Club

The Art Club of Lindy High under the direction of Mrs. Blakeney, Miss Hoffman and Mr. Knopf provides, for the students' interests in art, the opportunity to delve into all its various fields. The club members gain a working knowledge of varied art subjects such as painting, ceramics and the use of textiles in the world of art.

"Le Cercle Francais," this year fulfilled its purpose of spreading a bit of France in Lindy by conducting its meetings entirely in French. The members and Miss Golding took part in many activities, including their annual trip to New York.

Latin Club

The Lindenhurst High School Latin Club, "Conventus Latinus," proved quite successful in this, its second year of existence. Under the advisorship of Mr. Condon, the club performed many activities, enriching their knowledge of the Latin language and Roman culture.

Dedicated to the purpose of "Durch Freude zur Weisheit" (Wisdom through enjoyment) the German Club had quite a successful year. Under the able leadership of its officers and its advisor, Mrs. Callahan, the club members profited both culturally and socially.

German Club

By virtue of its many activities this past year, El Circulo Cervantes did quite a job of fulfilling its purpose — to give the student something more than he can obtain by merely studying the language in class, and at the same time to provide enjoyment. Among the more important activities of the club were a Thanksgiving drive for the poor of Spain, a traditional Spanish Christmas "fiesta," and a trip to New York City at the end of the year.

Math Team

The Lindenhurst Mathletes are a team of mathematics students who compete against other schools in the county, trying their skill at puzzling math problems. Under the leadership of Mr. DeCosmo, coach for the team, the mathletes this year have ranked very close to the top in the county.

Key Club was established as a service organization. It is very active in assisting both the faculty and the student body of Lindenhurst High. The club members operate the Lost and Found office in addition to delivering the Broadcast to the homerooms. In previous years the club has participated in the Heart Fund and Newsday's "Adopt a Family for Christmas."

Under the guidance of their advisor, Mr. Cowan, the members of the Service Club perform many of the tasks necessary for the efficient running of Lindy High. The dances, assemblies and sports events held during the year owe a great deal of their success to the behind the scenes work carried out by Service Club members.

Leaders Club is one of the most coveted organizations to which a girl can hope to belong. In addition to attaining a B grade in Physical Education, a girl must maintain an academic average of 80% as well. Members of Leaders Club have certain responsibilities to the gym teachers. These duties include bringing gym classes to order, marking squad cards, and taking charge of groups within the class itself.

Band

Rated one of the best high school bands on Long Island and playing grade 6A, the most difficult grade of music in New York State, the Lindenhurst High School Concert Band has completed another successful year of service to the school. Aside from its two biggest presentations, the Winter and Spring Concerts, the band also marched in several parades and gave exhibitions at all the home football games. An extra-curricular organization formed by seventeen astute members of the Concert Band, the High School Dance Band serves the school by offering its services for numerous social functions. They also accept outside engagements and have provided dance music for various village organizations such as the American Legion.

Boys' Sports Review

The year began with the emergence of the Bulldogs under their new coach, Ed Butkus, and they promptly set to work by tying a heavily favored Sayville team, Lindenhurst 13, Sayville 13. Following this tie, the Bulldogs lost to Northport, tied West Babylon, were tied by South Huntington and lost a heart-breaker to Port Jefferson, last year's league I champions by the score of 26—25. The Bulldogs closed out the grid-iron season with very impressive wins over North Babylon and Brentwood by the scores of 49—6 and 46—7.

The J.V. Bulldogs, under the coaching of Mr. Funke and Mr. Applehoff, proudly revealed what was to come in Lindy's future by going undefeated. Their record was 6 wins, no losses, one tie; the tie, again being at the hands of Sayville.

The Bulldogs' Cross-Country runners made a fine showing for Lindy finishing second in the league and second in the County meets. This squad turned out some fine talent and should again be strong this com-

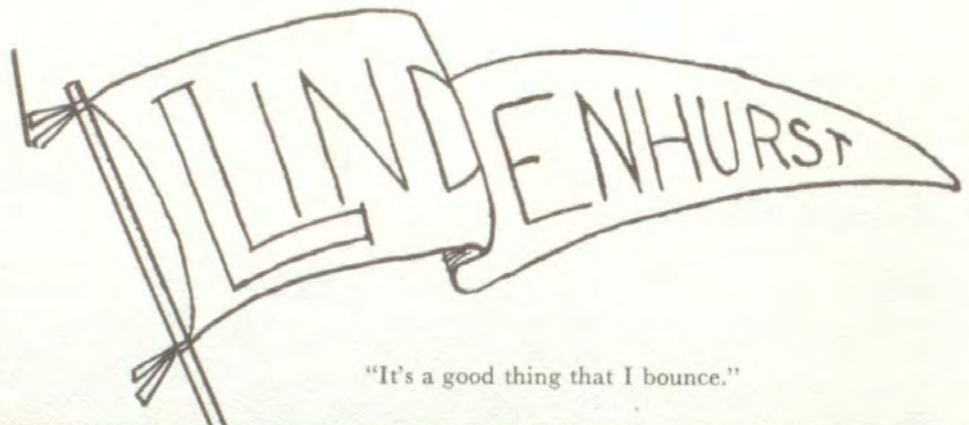

ing year.

During the winter season, our Wrestling squad emerged as one of the powers of the county due to the work of our new coaches Mr. Helf, and Mr. Applehoff, and the skill of our fine wrestlers. The team completed an overall record of 7—4.

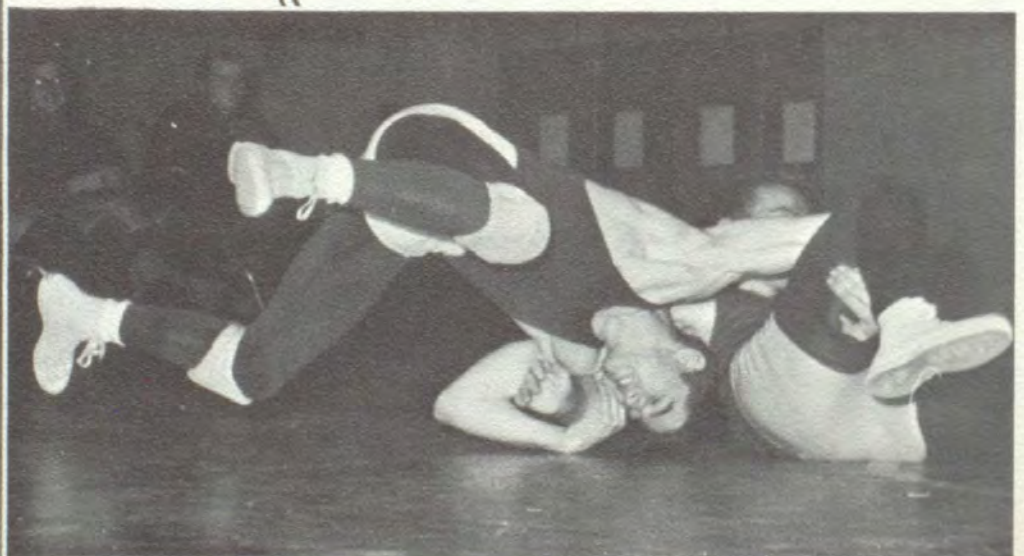

Although our basketball squad did not fare as well, some of the blame might fall on the fact that there were only three returning players from last year's squad and only two returning lettermen. The team was also plagued by injuries most of the year.

The '60-'61 sports year has been one marked by numerous close contests, most of which with the addition of a few points, could have changed what was to be a fair year for the Bulldogs into an excellent one. The year 1961 also marked the completion of the school's athletic facilities, possibly bringing about what is called by many, "a Renaissance in Lindy sports."

"Come on Lindy, get that ball!"

"It's a good thing that I bounce."

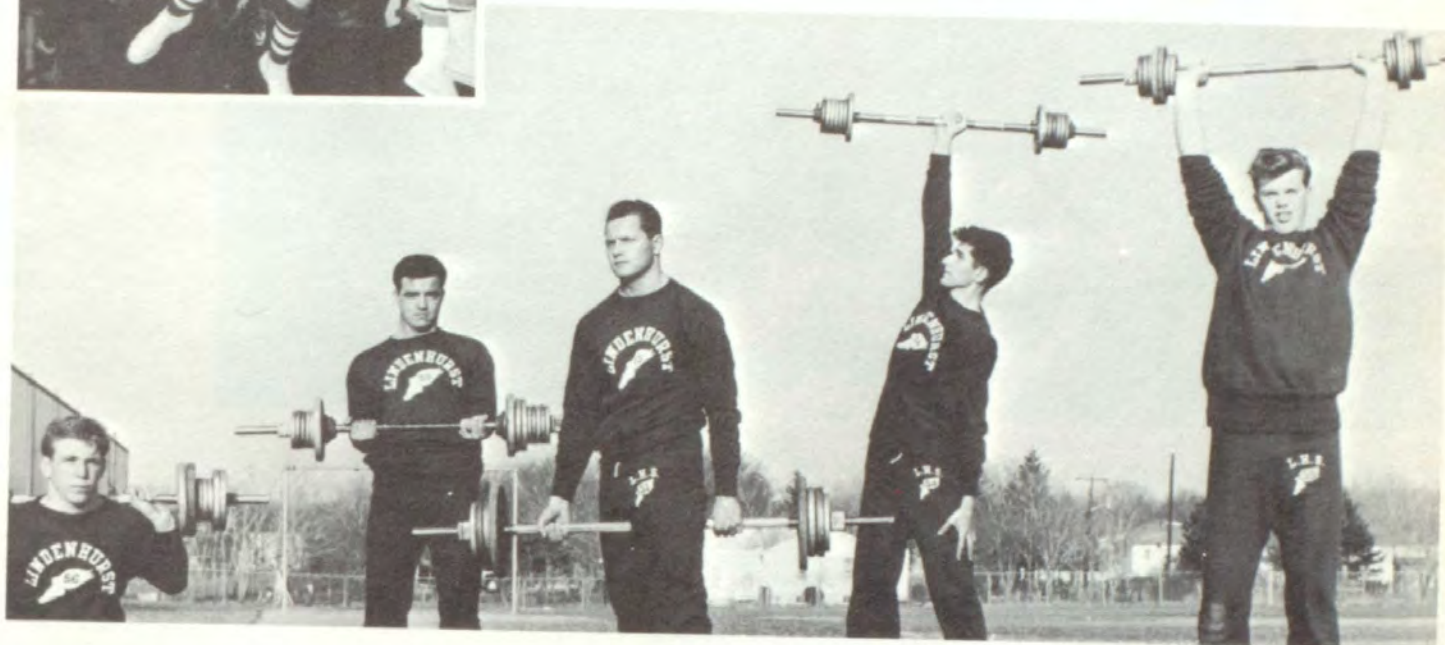

Come on Garry! Get that ball.

Hockey
Honor
Team

This year there were not as many girls out for field hockey as in previous years. Because of this, the inter-scholastic teams did not do as well as was expected. The biggest problem was the player's inability to score. In our first game with Wantaugh the Seniors tied 0—0, and the other three teams lost. Next came Amityville where the seniors lost and the sophomores tied. Our honor team broke this streak of losses by coming in first place for the first time in many years. Because of our honor team's great achievement, the field hockey season this year was a big success.

Girls'

A. Smith; K. Fordham; F. Wait; J. Zezima; C. Kuchicki.

This year for the first time in the history of our school, we had a tennis team. The girls participating practiced twice a week on the courts which were built last year, in the back of our school. The advisor for tennis was Mrs. Meier who did a fine job of teaching these inexperienced players how to handle themselves on a tennis court. Although there were no inter-scholastic games to give our girls experience for honor team day, they did a wonderful job by taking second place.

Sports

Volleyball Honor Team

As usual there were more girls out for volleyball this year than any other sport. This is probably because there are no other sports going on at the same time. Nevertheless, volleyball has been one of our better sports, and this year was no exception. In the first inter-scholastic game against Wantaugh, all of our teams won by large margins. We did not show up quite so well against Amityville, but the seniors ran away with their match. Next came honor team, at which we tied for second place.

KNEELING: P. Quarm; A. Morgan; P. O'Brien; *STANDING:* K. Fordham; A. Nass; J. Zezima.

Badminton Honor Team

Badminton, which is played at the same time as field hockey, received one of the largest turn-outs in many years. This is one of the very few individual sports offered at Lindy High. It differs from team sports a great deal because a girl must be very agile, fast, and accurate. There is no room for mistakes because the players have no one to help them. This year our badminton team played only one inter-scholastic game, and won all but one match. The honor team also did very well by coming in second behind a very good Freeport team.

STANDING: K. Neil; M. Gatto; C. Smith; K. Leahy; P. Macaluso. *KNEELING:* M. Leahy; C. Gow; P. Quarm.

Basketball Honor Team

The basketball season consisted of only one inter-scholastic game and the honor team day. This was due to the large number of snow days we had this year. The inter-scholastic game was against Amityville, and was very disappointing to everyone. All four of our class teams lost including the seniors who had beaten Amityville in the three previous years. The honor team did much better when they came in second. Although they beat Farmingdale 13—12 and Mephram 21—15, they lost to Bethpage 17—12.

Girls' Sports Review

In the preceeding year, the girls' sports program attracted more people than in any other year thus far. This, and the skilled guidance of our well-trained gym teachers, has contirbuted to a very successful year for our inter-scholastic and honor teams. In every sport, class teams and an honor team are chosen. There are usually four class teams made up of girls from each of the four classes. The honor team, which any girl is eligible for, is chosen by the girls themselves at the end of the season. This honor team then competes in a series of games with other high schools.

The sports programs started off with badminton and field hockey. In the only inter-scholastic game played in badminton, our girls won all but one match, and

showed up well in honor team by taking second place. Our field hockey honor team also started off the school year well by snatching first place.

The next sport to come up was volleyball which is the most popular of all. The senior team was undefeated for the season, and the honor team tied for second place.

Although all of our class teams in basketball lost to Amityville, the honor team more than made up for it by taking second place against some very tough competition. Also in the category of basketball is the Senior-Faculty game. Even though our senior girls lost in overtime play, we were the first senior class ever to tie the teachers.

Miss McAllister keeps score as B. Felice and C. Gow looks on.

Come on make that basket!

Keep your eye on that ball.

Gold Key

To receive a gold key is the goal of every girl who goes out for sports. In order to achieve this goal, a girl must earn 600 L.I.G.A. points. This is difficult because the most points that can be earned in one sport are 50, and each girl can receive credit for only four sports a year. The gold key is the highest award offered to girls participating in sports, and very few receive this honor.

The juniors have been busy this past year, trying to promote school spirit and raising funds. A new project was undertaken, the magazine drive, which was very profitable. Over \$500 was earned. The newspaper committee, consisting of Carole Leonhardt, Lynn Konig, Cindy Heling, Carolyn Ellingsen, Gail Marshall, Halvor Koch and Bill Gassman, sold and distributed copies of the *New York Times* and the *Herald Tribune* to the students and teachers. They also had a candy project. The Junior Prom was held on Friday, May 26, in the high school gymnasium.

The autumn and winter sports seasons saw the sophomore class at its height of activity. During the football and basketball games, the class members sold boosters, shakers, and pennants to enthusiastic fans. This year's donkey basketball game was sponsored by the sophomores, and the profits went into their treasury. Their dance, which was held in the school gymnasium, had a soft, delicate motif and, in the eyes of all who attended, it was very successful.

Freshmen

This year's freshman class started the year off very profitably by selling Lindenhurst High School bookcovers. Their other money making activity was selling carnations on Saint Patrick's Day. To finish off their first year of high school, this ambitious class will hold their annual Freshman Dance, "Pastels and Flowers."

CONGRATULATIONS TO THE

CLASS OF 1961

FROM

THE BULLDOG STAFF

Alma Mater

Hail to L.H.S., our dear school,
Hail the never-ending rule.
May we all be loyal, steadfast, and true,
For old Lindy will lead us through.
Rah! Rah!
And after the four years of work
In which we have learned not to shirk,
As alumni we'll carry on
Her banner "Say never die,"
And echo her name o'er the world.
We all will shout for Lindy upright and true,
And for her green and white we'll fight tho we're few;
As for her standards we will all try to raise them,
Boast of them, praise them from every view.
We'll boost her team tho they be far from the goal,
And we'll support her pennant on every pole.
We'll do our best to stand the test,
Dear alma mater Lindy High!
