Edward Murphy, Principal

To the Class of 1981

It is with pride that I join your faculty, parents and friends in congratulating each of you as members of the Lindenhurst graduating class of 1981. It has been my good fortune to have shared many of the activities and experiences with you and to have known many of you and your families personally.

While attending Lindenhurst High School each of you has received an excellent opportunity to prepare for your future and now upon graduation will move one step closer toward achieving your life goals. I am confident that each of you has been prepared academically to meet your future challenges and know that your concern for your neighbor has and will continue to be shared. The class of 1981 has participated in many activities which have aided and enriched the lives of others. Whether through fund raising, food collecting, show benefits, blood drives or visiting the aged and retarded, your efforts to help your fellow man have been recognized. As my favorite American President John F. Kennedy said in his presidential inaugural address on January 20, 1961, "And so my fellow Americans, ask not what your country can do for you; ask what you can do for your country."

Again, I congratulate you for your efforts and ask you to remember the words of President Kennedy and continue to serve others in your own way. Good Luck and God Bless you in your future.

Edward J. Murphy

START COLLEGE TWO YEARS OLDER, TWO YEARS WISER, AND \$15,200 RICHER.

A lot of people who start college right after high school discover they're not ready for it.

That's a good reason to think about serving two years in the Army first. And only the Army offers you a 2-year enlistment.

If you join the Veterans' Educational Assistance Program (VEAP), the money you save for col-

lege is matched two-for-one by the government. Then, if you qualify, the Army adds an exclusive bonus of up

to \$8,000 on top of that.

That's why in just two years in the Army, you could accumulate as much as \$15,200 for college. (And up to \$20,100 in three years.)

So you won't just be two years older when you start college. You'll also be

two years wiser. And \$15,200 richer. Serve your country as you serve yourself. Call 800-421-

4422. In California, call 800-252-0011. Alaska, Hawaii, 800-423-2244. Better yet, look

in the Yellow Pages under "Recruiting."

MAXIMUM VEAP BENEFITS
