High School  
Lindenhurst, New York*

Memories during our  
high school years,  
Of a few close friends  
and many peers.  
Still in our minds,  
the first time we met,  
And the time after,  
we'll never forget.

Keep your thoughts and spirits high,  
and all your dreams will never die.

Quiet times, close friends, wonderful

memories.

The treasures of the past are the foundation of the future

Success =

Friendship + Happiness  $\times$  1,000,000,000

Friendships are like the seasons;

they are  
never changing

Without friends,  
we cannot learn;  
Without knowledge, we cannot grow;  
Without growth, we are lost.

Every day is a new petal on the flower of life

Born to be free . . .

Happy to be me.

Leaving to go our separate ways,  
Never forgetting our high school days.

To the Class of 1982

I wish to congratulate each member of the Lindenhurst High School Graduating Class of 1982. I join your faculty, parents and friends in wishing you continued success in your future careers and vocations.

The Class of 1982 has been exceptional in many ways. The Class includes students who have received recognition and awards dealing with academic, humanitarian, athletic and community service accomplishments. Your community, faculty and Board of Education have allowed you the opportunity to participate in a varied and enriched curriculum which has provided for your education at Lindenhurst High School. I have confidence that the preparation you have had at Lindenhurst will allow you to go forward with skill and confidence in accomplishing your goals.

Your Lindenhurst High School experiences have been shared with many within the school community. You have been a major part of our lives and have in many ways enriched the lives of our faculty with your dedication and your accomplishments.

Soon your high school days will be memories. I hope that you will continue your pursuits and bring further recognition to yourselves, your families and your school. I do hope that in the future you will continue to communicate with our faculty and support our community.

It is my privilege to share with your faculty, parents and friends in offering best wishes for continued success.

Good Luck and God Bless,

*Edward Murphy*

# Art

The Art Department, composed of creative and dynamic teachers, continues to be recognized throughout the State for its excellence. For the past four years, it has been awarded a Federal Title IV-C Grant in individualized instruction. The purpose of the grant is for other schools in the State to replicate its program.

Its contract system (PROJECT ACE), offers art majors approximately 50 different subject content areas to choose from. Its large photography area maintains 15 sections each day in Photo I, Intermediate Photo, Advanced Photo, Advanced Contract Photo and Communications Media. In addition, art related clubs include the National Art Honor Society, Art Club, L'ATELIER, Art Service Club and the Photo Club. It's no wonder why art is so popular among Lindy students.

# Health

Health Education would be more accurately entitled Life Education because the course deals with many concerns that powerfully affect the feelings, attitudes, and behavior of teenagers.

For example in health we explore such concerns as the need for acceptance and approval, especially by our peers; the importance of feeling loved, the nature of child abuse, alcohol abuse, and drug abuse and how we can cope with these damaging experiences. We learn how to provide first aid to victims and CPR to save lives; how to prolong our lives by preventive care but also how to improve the quality of our lives by valuing ourselves, caring for others, being honest and knowing the score.

# Business

Business touches everyone's life in today's society. Students should realize that they will someday be taxpayers and consumers in today's complex marketplace which provides us with the basic necessities as well as the luxuries of life. Almost everyone today needs to know how to keep and balance a checkbook, make budgetary decisions and manage their money in such a way as to get the most benefit from it.

Not only does the Business Education department offer courses to help you become a knowledgeable consumer, but can offer you skills in many fields such as: Accounting, Marketing, Secretarial, Data Processing and Law.

Skills acquired in any of these fields can often be used for immediate employment or a base for your college studies.

## Guidance

Guidance services are an indispensable part of our educational system and are integrated with all phases of the Lindenhurst Senior High School program. Guidance has been variously defined as an educational philosophy, a point of view, and as a series of services to students which have as their objective the fullest possible realization of each individual student's potentialities and talents. Guidance, then, is a *process* that helps the individual in his total development, particularly within the school, family and community circles.

The objectives of our guidance program are part of, and support the objectives of, the instructional program of the whole school. Classroom teachers and counselors are working in the same educational program and all are responsible for such school objectives as are cooperatively established by the faculty, administration and the community.

## Nurse

The health office wishes you, the class of '82, the best of luck, health and happiness in the future. We hope that your years in Lindy High and your association with us have helped you to establish positive attitudes about your health and yourself. When you remember your high school days we hope that you smile more than a little when you recall those 10th grade physicals, long lines for the bathroom, immunization clinics, the catchy tunes we played for you on the audiometer each year, and the myriads of bandaids, safety pins, paper clips, tissues, and friendly feelings you came away with from the nurses' office.

# Librarians

What the library lacks in modern equipment and beautiful furniture is compensated by our collection and program! The library buzzes with activity — classes scheduled to learn library and research skills — constant independent study — students browsing and reading magazines — others anxiously awaiting the arrival of new paperbacks — group meetings in back rooms for conferences of all sorts — club meetings before and after school. And, needless to say, librarians F. Bloch and B. Hellering, along with supporting staff, always available to teach, assist and guide.

In short — the library is truly “the learning center of Lindenhurst High School!!”

## Music

The Senior High Music Department provides a comprehensive music program that can be of benefit to each and every student. The performing organizations include the Marching Band, Concert Band, Jazz Ensemble, Symphonic Orchestras, General Chorus, Girls Choir, Concert Choir and Odessey Jazz Choir. The classroom courses are elective and offered to every student — they include classroom guitar, foundations of music, and jazz improvisation and percussion ensemble.

Accomplishments, awards and honors Lindy Marching Band.

1. First place award New York City Columbus Day 1976, 1978, 1979 — Third Place 1981
2. Second place awards 1981 Band Competitions at West Babylon, Bayshore.
3. First place best overall Soloist at the Mineola Championship Tournament of Bands Competition.
4. Band has also performed at the New York Jets Half Time Show, Shea Stadium.

Staff includes Murry Kahn, Director of Bands, John Myszka, Director of Strings, Lisa Nolan, Director of Choruses, Dominick J. Attisani, District Coordinator of Music.

# Practical Arts Departments:

## Home Economics and Industrial Arts

*Robert Young*  
Chairman

*"You gotta have pride in your work"*

*Mildred Andersen*

*Dorothy Andrews*

*Marion Estelle*

*Shirley Glaser*

We have a new name! As of September, 1981 the Industrial Arts and Home Economics Departments have been merged to form the "Practical Arts Departments." While this is new to Lindenhurst, a number of other districts as well as the state Ed Department have recently combined the two departments under the title of Practical Arts.

We are pleased to announce that a recent federal grant has enabled us to purchase a computerized type setting machine for our Advertising Graphics Program. This machine will enable us to teach students to compose printed material in a variety of type sizes and styles. Most magazines, books, newspapers and advertising copy are now composed utilizing computerized type setting equipment. Students who become proficient in the use of this machine will enjoy a distinct employability advantage in the modern Graphics industry.

The latest computer technology now enables man to verbally communicate with computers and for the computer to respond in kind.

With the rapid expansion of television and computer communications networks, it is clear that written communication as we know it will be drastically altered in the near future. This and other technological-societal factors are being examined in terms of what should be taught in New York occupational education programs.

The areas of Industrial Arts, Home Economics, Business and trade education are involved in a massive curriculum restructuring process which will meet the challenge of the 1990's.

## Language

The Foreign Language Department offers Lindy students an opportunity to expand their cultural and linguistic knowledge. We feel that the study of a foreign language is an essential component in the total school curriculum. It is responsive to the needs of the whole spectrum of the student population; it strengthens the development of the basic skills; it provides a powerful experience in developing the reasoning ability of students through an experience with another culture. Our students not only broaden their horizons in cross-cultural understanding of both the oneness and the uniqueness of various societies but also gain a deeper concept of self and an appreciation for their own culture.

## Mathematics

The Lindy Math Department is composed of many talented, creative and dedicated teachers who are constantly trying to make Mathematics an interesting and relatable subject. From Basic Math skills to Calculus, Math is presented as a challenging but accomplishable topic by a variety of teaching styles and personalities. Overhead transparencies, tape recordings, slides, activity sheets, booklets, humor and good "old fashioned" chalk and blackboard presentations are used to encourage student involvement and learning.

In addition to classroom teaching, the Math faculty is involved in total student life as class advisors, coaches, club moderators and "just someone to talk to." Lindy graduates often return to visit with their Math teachers because they have come to recognize that they teach math but, more importantly, they live life.

# Science

As you experienced science instruction at Lindenhurst High School you probably were not aware of the science programs developed by the science staff and their accomplishments. Here are a few of our highlights. Lindenhurst High School was the first school — to develop mini science courses in the country, — to have a statistically validated personalized, instructional program in three sciences in the country, — to be a demonstrator school for its personalized science programs which have been replicated by thirty schools in New York State, — to have a computer bank of coded regents questions (1965-) in biology, chemistry, physics, earth science and general biology accessible not only for our staff but other BOCES III schools for tests, quizzes and class work. Thirty percent of the science staff are currently or have been item writers for the State Regents and level III science courses. When the Bureau of Science Education is revising Regents Science Courses, our high school is selected as one of the first five in New York State to be a trial school in developing the new experimental regents syllabi. Presently we are one of the trial schools for biology and chemistry regents which are presently undergoing revisions. Mr. Lee Paseltiner and Dr. James Brucia (former Lindenhurst High School science staff member) co-authored a biology textbook "Unified Biology" which is used in our general biology course.

"Give me a fish  
and I eat for a day.  
Teach me to fish and I  
eat for a lifetime"

"I hear, and I forget  
I see, and I remember  
I do, and I understand."

These two proverbs, one western and one eastern, capture and convey much of the philosophy and many of the objectives, of the social studies department at Lindy High School. The distinction between telling and teaching is emphasized, as is the commitment to actively engage the youngsters in the learning process. Thus, programs such as team teaching, individualized social studies and the many senior electives all are designed to fulfill these goals in an important and productive way.

## Main Office Secretaries

The Main Office is the nucleus of the Senior High. Mr. Murphy, the Principal; Mr. Rattner, the Associate Principal; and Mr. Cali, the Assistant Principal work with their secretarial staff in the performance of their administrative tasks. The Main Office administrates all policies and procedures to be observed throughout the building. The varied functions include: personnel (staffing, scheduling, attendance and payroll), student services (lunch programs, busing, home teaching, psychological services, drop/suspension letters, report cards, mailing of student programs, senior awards night and graduation), the school budget, and the use of the building by various organizations. We also serve as the main reception area for all guests and visitors to the school.

C. Yates, J. Fisher, E. Dennerlein, J. Giess.

## Department Chairmen's Secretaries

Being a secretary for five or nine chairmen is a feat to behold. Each one is a distinct individual alive with many moods — happiness, serenity and irritability.

The fun we have and respect for each other is what makes the job a pleasure. Many days when things become impossible because of the amount of interruptions (phone calls, students etc.) and the volume of work — *you're quitting*. The next day you are right back because of the humor and warm feeling amongst all of us.

It is the smallest office around with the most people per square foot but it is the most fun loving office per square inch.

Why not come down and enjoy us once in awhile we love company — besides we are also the lost book room which I believe half of the students never realized.

R. Marcaluso, J. McCowan

## First Day

by M. Abbondola

That September morning we all remember well, we rolled over and turned off the alarm clock bell.

We jumped out of bed and turned on BAB, hoping that there'd be a strike and we'd all be free.

First Bob Buckman said, "The teachers will strike today," but later we learned that school was on its way.

We all were so mad and couldn't care less, we threw on our clothes and left our hair a mess.

Stumbling to school and carrying our books, we walked in giving our teachers dirty looks.

We all went to homeroom and filled out our cards; looking out the window, we saw those riot guards.

Class after class we moved along; the strike never came, we were all wrong.

# Thespians "Spoon River"

On Thursday and Friday of Homecoming Weekend, November 15 and 16, the Thespians presented a production of one of their favorite works, "Spoon River" by Edgar Lee Masters, a classic of modern American poetry. The play was directed by Mr. Monsell with music by Tony Donnangelo, Cathy and Donna Proper.

The cast also included Nikki Longo, Ron Smith, Dan Vanore, Debbie Cetin, Kathy Chernick, Lisa Snyder, Renée Sicignano, Diane Alsing and André Gleason.

# Thespians Triple Play

On November 6th and 7th, the Thespians presented Mr. Trezza's production of TRIPLE PLAY, an evening of three charming plays about love. The plays were "The Doctor in Spite of Himself," a farce by Moliere, "A Sunny Morning," a sketch by the Alvarez-Quintero brothers and "Rebels in Love," a romantic farce by Billy Dunn. You can well imagine how nervous the cast found themselves when they learned that Mr. Dunn was going to be present at the final performance. All were in top form that evening, and after the show, were anxiously awaiting the backstage appearance and verdict of Mr. Dunn. Anxiety, however, quickly turned into surprise and laughter as Mr. Monsell revealed himself as the author of "Rebels in Love," the mysterious "Billy Dunn!"

The Thespians  
"Twelve Angry Men"  
by Reginald Rose  
December 10th,  
11th, 12th, 1981

### TWELVE ANGRY MEN

On December 10th, 11th, and 12th, the Thespians presented their third production, "Twelve Angry Men" by Reginald Rose. Mr. Trezza was again the director. But frighteningly enough, just twenty-four hours prior to curtain, it seemed as though there would be only ELEVEN "angry men" (or "persons") because of the sudden and unpredictable illness of a cast member. Fortunately, for the Thespians, Miss Stefanelli courageously agreed to undertake the role with only a day's rehearsal. With script in hand (hidden in a book the character was reading), she gave an unforgettable performance in a very difficult role until the indisposed cast member's return at the final performance. Phew!

# The Charles Street Players

Presents  
"Stairway to Stardom"

January 29, 30,  
February 1, 5, and 6

The Charles Street Players presented an original musical, "Stairway to Stardom". "Stairway to Stardom" is the story of a girl who receives an Emmy Award and then thinks back to her high school days. In flashbacks we see her early life and ambitions.

The Charles Street Players was founded by Lindenhurst High School students in 1967 with Mr. Spanos as advisor. Fifteen years later, the company still performs original musicals, with Mr. Spanos still as advisor. As in past years one-half of the proceeds go to a worthy charity. This year the Mother Teresa Fund will receive our donation. Who is Mother Teresa of Calcutta? Thirty-three years ago Mother Teresa started a new order of nuns who gave free service to the poor. Today "Missionaries of Charity" help the poor all around the world. In 1979, Mother Teresa won the Nobel Peace Prize for her work and the directors of this year's production wish to help her and her service to society.

A letter from the Missionaries of Charity wrote to the Charles Street Players, "May God bless all of the Charles Street Players for their efforts to use their talents and gifts in order to serve the poor. This is a beautiful gift to Jesus for it is He that you are reaching out to when you reach out to help the poor." Student Directors: Miriam Woelfel, Allison Kugler, Walter Fishon, Jeanne Nurse, Billy Russo.

# Varsity Field Hockey

The 1981-82 Field Hockey Team with a 7-5-5 record, captured the League I championship for the second consecutive year. They were seeded 4th in the county and went on to the playoffs to end their season ranked third in Suffolk County.

The team was led by senior captains Susan Fitzpatrick and Kathy Reilly alias, the 'Irish Connection'. Leading the team on the attack were seniors Maria Ajello, Mary Bertone, and Pat Poldino. Seniors Diane Diston and Darlene Quinn aided the 'Irish Connection' in keeping the defense dancing and on their toes.

Despite the losing of 8 seniors last year, this year's team hung tight to Lindy's hockey pride. Only with their "go for it" attitudes, determination, hard work, and togetherness (and maybe all the planes they shot down with their sticks at practice) did they turn a building season into a winning season. Congratulations girls to a job well done . . . it's all in the state of mind!!!

Team: **Top Row:** D. Quinn, K. Rielly, S. Fitzpatrick, P. Buckley. **Middle Row:** P. Bivona, T. Taplin, E. Taplin, T. Reilly. **Bottom Row:** P. Poldino, M. Bertone, D. Diston, M. Ajello.

The varsity tennis team, under the leadership of co-captains Mary Viverito and Pam Chang, played a difficult and competitive schedule in conference I and compiled a 3-11 overall record.

Singles positions were admirably filled by Kathy O'Reilly (1st), Judy Jensen (2nd), Ginnette Sardelli, Kerry Edwards, Eva Nilsson, and Lori Livereri.

Doubles teams were consistent in effort and successful in results. Teams included Mary Viverito-Sharon Taplin (1st), Kathleen Price-Jackie Fioribello (2nd), Beth Roubal-Chris Fornicaso, Pam Chang-Suzanne Roscoe, Janice Jensen-Jennifer Gillespie, Alice Higgins-Liz Kluko, and Janet Ledek-Gina Ardizzone.

Best tennis players were, Mary Viverito and Sharon Taplin, who wound up third place double in dual competition and quarter finalists in the conference tournament. Most improved was Kathleen Price, for moving into an important point spot and contributing victories at a crucial time. M.V.P. went to captain Mary Viverito for her leadership, excellent play and sportsmanship.
